

hanging promotional strip applicator

integrates seamlessly with your packaging system

tna trenza® 2 is a sophisticated, yet simple solution for attaching hanging strips to a variety of bag formats and sizes. The tna trenza 2 integrates seamlessly with your packaging system and features precision strip cutting, automatic bag counting and automatic hole punching. tna trenza 2 provides the lowest cost of ownership and the highest return on investment for hanging strip solutions.

key benefits

- » Reach optimum performance and speeds of up to 100 bags per minute on promotional strip string bags.
- » Create extremely presentable retail-ready hanging strips; remove a bag with one simple pull with no risk of damage.
- » Achieve excellent operational efficiencies through seamless integration, drawing bags directly from the packaging system.
- » Maximise uptime by using touchscreen control on the tna trenza 2, enabling quick settings and flawless operations.
- » Increase profitability with uniquely designed, high-precision strip cutting, considerably reducing waste and rework.
- » Enhance sustainability with a compact design that uses minimum floor space and offers easy mobility of the tna trenza 2 for complete flexibility.
