

The NID forte<sup>MHP</sup> 3 mogul is your ultimate confectionery solution offering a superior combination of performance and productivity. Producing more product, faster; our NID forte<sup>MHP</sup> 3 mogul reaches speeds up to 35 trays per minute depending on the product type, shape and mass and is capable of running 24 hours a day, 7 days a week – only stopping for routine maintenance and cleaning.

With a fully integrated feeder, starch buck, depositor, stacker and pallet transport system in one machine, the NID forte<sup>MHP</sup> 3 accommodates a wide range of starch-moulded products. These include: gums, jellies, marshmallows, fondant creams, licorice and crusted liqueur. Deposit in single-colour, or two- and three-colour combinations, including side-by-side, starlight, and centre-in-shell (centre-filled).

## BENEFITS

Faster production with larger pumps for one stroke per deposit

Speeds up to 38 TPM

Large capacity with long runtime (24/7) and minimal downtime for maintenance

Low maintenance cost with fewer moving parts and longest MTBF (meantime between failure)

Simple and full integration with any automatic pallet transport system

Create multi-layer products with additional depositing modules

## STANDARD FEATURES

- Continuously moving tray conveyors in feeder and stacker
- Five tray sub-stack system for ultra-smooth tray-and-stack system
- Maintenance free, chainless, walking beam in the starch section
- Stainless steel contact surfaces for starch, tray and product.
- Starch sifter
- Stainless steel, hollow body depositor pumps
- Integrated electrical and control system
- PLC storage of 1000+ product recipes and parameters
- Direct connection to the NID starch conditioning system
- Direct connection to product finishing machines

## OPTIONAL FEATURES

- ATEX compliance
- One, two or three depositing modules with tray-size depositing pumps in any configuration
- Extra wide maxi version suitable for longer trays delivering speeds of up to 30 TPM

## APPLICATIONS

- confectionery
