

Unique Solutions LabelPlus® 360 is your most versatile, high-performance industrial duty labeller on the market. The Unique Solutions LabelPlus® 360 includes standard features that are optional on most competitive machines. Fits in limited space and handles a wide variety of applications with adjustable labelling point, range 457mm to 762mm.

BENEFITS

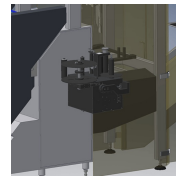

Dispenses up to 76mpm/3000ipm with secondary unwind and takeaway thanks to a high-performance stepper motor.

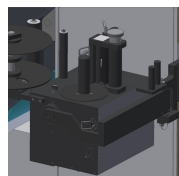

Performs with precision accuracy up to $\pm 0.79\text{mm}$ /1/32".

Ensures there is no waste or downtime from missed labels with product sensing

Allows configuration versatility and easy switch between applicators with modular design for merge/wipe-on, tamp, blow-on, corner wrap, swing tamp and VFFS applicator.

Fast setup and prevents errors by automatically adjusting the sensitivity (with "Auto-Teach" optical sensor) depending on the label running.
