

Florigo conti-pro® FF 3 is the ultimate French fries frying system designed with an advanced process to boost the efficiency of your production line. Featuring Florigo's own zonal flow oil injection system, the Florigo conti-pro® FF 3 gives you more control over the frying process, so you can fry at higher constant temperatures and produce consistently higher quality products. Pairs with Florigo accura-dry® BD 3 to ensure perfect product texture by stripping away moisture from the product before frying.

BENEFITS

Evenly fried resulting in a higher quality end product.

Highly efficient frying process.

Better oil quality with shorter oil turnover time.

Lowest cost of ownership with long lifecycle.

STANDARD FEATURES

- Optimal product and oil flow
- Zonal flow design
- Self-supporting product belt
- Continuous oil filtration through belt filter
- Durable construction design with long lifecycle and meets highest safety standards
